Reminders…….

1. FIND OUT ABOUT LA TROBE
   La Trobe is offering ‘Experience La Trobe’, an event for future students and parents.
   Attend information sessions, go on tours, hear from current students and attend workshops. When: Tues 6 July (Melbourne - Bundoora) and Thurs 8 July (Bendigo); Cost: Free (incl. morning tea/lunch); Registration: www.latrobe.edu.au/study/events/experience.

2. EXPLORE MELBOURNE UNIVERSITY FOR A DAY - ‘Access all Areas’ is an event designed to allow secondary students to gain information about the university, tailored to their interests. The half-day on-campus program commences with an overview of the Melbourne Model, entry requirements and the transition to university. There will be sessions on specific areas of study. Whem: 9am-2pm, Fri 9 July (optional residential college tour to follow); Where: Melbourne University (Parkville); Who: Year 10-12 students and parents; Registration: www.futurestudents.unimelb.edu.au/accessallareas; Ph 8344 6543.

3. SHORT COURSES IN THE ARTS, FILM, TV AND RADIO -
   The Faculty of the VCA and Music is offering a range of short courses in the holidays. Get access to practicing artists and industry professionals, use training facilities and gain advancement in a supportive framework. Short courses in: art, digital storytelling, film and TV, music theatre, voice. www.vcam.unimelb.edu.au/short_courses.

   The Australian Film TV and Radio School (AFTRS) has a holiday program of short courses for 13-17 y/o’s. The school has state-of-the-art courses including acting and directing for the screen, focussing on reading and interpreting scripts, planning shots, using story boards to develop a film, and the role of the director. Info: 9602 8300; Web: www.aftrs.edu.au.

4. FLYING SCHOLARSHIPS -
   Applications are open for those between 17 and 25 years for four flying training scholarships offered jointly by the Royal Australian Air Force Association and the Royal Victorian Aero Club. They take the successful candidates through to the General Flying Progress Test stage of the Private Pilots Licence and valued at about $6,500 each. They are an ideal entry point for those seeking a long term career or a recreational participation in aviation.

5. RMIT OFFERS NEW COURSES IN 2011:
   Bachelor of Applied Science (Exercise and Sport Science), a 4-year degree giving students knowledge/practical skills in exercise prescription, health promotion, physical activity, injury and disease, sport science and human performance, and a strong understanding of clinical situations and conditions. Students complete field experience with an extended placement in Yrs 3 and 4. The degree has links with VIS, AIS, sporting clubs, rehabilitation centres and so on (it replaces the 3-year Human Movement degree). Info: www.rmit.edu.au/medicalsciences.

   Bachelor of Science (Geospatial Science). Responding to industry demand, this course incorporates studies in geomatics, cartography and elements of information technology (replaces the B. App. Science (Geomatics). Info: Ph 9925 2283, SMGS@rmit.edu.au.
